

## Introduction

This lettings plan outlines the Housing Stock of Prospect Community Housing, the expected turnover during 2017/18 and the quotas to be operated when allocating properties.

Prospect's vacant properties are advertised online every Friday through the Key to Choice website ([www.keytochoice.co.uk](http://www.keytochoice.co.uk)). Properties will not be advertised if they are used for one of our referral arrangements (as detailed overleaf), management transfers or decant accommodation.

To 'bid' for one of our vacant properties, applicants must register with Edindex. Bids can be placed online at [www.keytochoice.co.uk](http://www.keytochoice.co.uk). Please see the Key to Choice website for further details.

## Stock Summary

The following summarises the current housing owned by Prospect in each of its areas:

## Needs Group Quotas

Under our Choice Lettings Policy, all applicants are placed into either the starter or mover category. Applicants who do not have secure accommodation are starters; applicants who do have secure accommodation are movers. More information on starter/mover categories can be found on [www.keytochoice.co.uk](http://www.keytochoice.co.uk) or Prospect's Allocation Policy.

Our adverts will make it clear whether a property is for starters, movers or both.

The following quotas for starters and movers will be operated in 2017/18:

<b>Starters</b>	One half (50%) of all vacancies will be advertised for starters.
<b>Movers</b>	One quarter (25%) of all vacancies will be advertised for movers.
<b>Starters or Movers</b>	One quarter (25%) of all vacancies will be advertised for any applicant—starters or movers.

One quarter of the properties advertised for movers will indicate in the advert that preference will be given to existing Prospect tenants. If no tenants are successful in being offered the property, then other applicants who have bid will be considered.

These quotas will be monitored throughout the year and may be varied by the Management Committee.

## Nomination / Referral Arrangements

Prospect currently operates the following nomination / referral arrangements:

SCORE Scotland	Nomination for up to 1 property per year for households from ethnic minorities.
CHAI	Nomination for up to 2 properties per year for clients supported by CHAI.
Edinburgh Women's Aid	Nomination for up to 1 property per year for women supported by Edinburgh Women's Aid.
Asylum & Immigration Support Team	Nomination for up to 1 property per year for households with no recourse to public funds.

The Management Committee may review and vary these agreements, or enter into new agreements, as appropriate.

## Equal Opportunities

It is Prospect's policy to allocate houses only on a basis of housing needs. We will not unfairly discriminate against any individual, household or group on the grounds of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation.

## Area / Restrictions / Variations

There are no area based restrictions or variations to quotas in operation at present. Management Committee may introduce such restrictions/variations as required and these will exist for no more than one year without review.

## Demand

It should be noted that Prospect participates in the Edindex register which receives thousands of applications each year. Given that Prospect's expected lettings for the year 2017/18 are 48, it is clear the majority of applicants bidding for properties will not be offered rehousing.

Details of alternative landlords can be provided by Prospect and applicants are encouraged to consider housing with other providers.
